IDEALIST

ACTIVITY PROGRAM 62-5

1. PURPOSE: To provide additional funds under Contract [] with Eastman-Kodak Corporation, for the purchase of additional film and chemicals for in-plant processing and for field requirements for the balance of Fiscal Year 1962.

2. Description of Work or Services Required:

Purchase of additional film and related processing materials to provide for the increase in planned operational missions for the IDEALIST Project. The Budget Estimate for Fiscal Year 1962 reflected a requirement for [] for thirty operational missions. A review of the Budget Estimate resulted in a reduced fund allocation to [] to support twenty operational missions. This allocation was further reduced by [] when the IDEALIST Project was de-emphasized during the first and second quarters of FY 1962 with these funds transferred to other urgent programmed requirements. Subsequent to this reduction, increased emphasis was placed on the IDEALIST Project during the third and fourth quarters of FY 1962 resulting in twenty-three operational missions being flown to 6 May 1962 with ten additional operational missions programmed through 30 June 1962. This increase from the twenty operational missions programmed to the projected thirty-three operational missions through the balance of FY 62 necessitates the requirement for the additional funds indicated in paragraph 4 below.
